REPORT ON TEACHERS DAY CELEBRATION

We all know the importance of teachers in our lives. Without our teachers we stand nowhere in our life. With the same point of view department of commerce celebrated teachers day in a traditional way where some third year students gave lecture to the second year students and some second year student gave lectures to the first year students.

T.Y.Bcom student gave lectures to the other B.com student and T.Y.BAF student gave lectures to the other BAF students. Students not only discussed theory subjects but also they taught them practical subjects. All students actively participated in this activity. They were doing preparations from prior 3-4 days for lectures. They were taking guidance from their professors about teaching.

Some students brought cakes for their teachers, some brought gifts etc. Gifts and cakes are not so important, important thing is that students must understand the value of their teachers in their life. And on this day they showed us that we are important for all of them.
